

6th Meeting of the CEOS Space Data Coordination Group for GFOI

22nd – 24th October, Oslo, Norway

The 6th Meeting of the CEOS Space Data Coordination Group for GFOI will be hosted by NSC in Oslo, Norway. SDCG-6 will commence on the 22nd of October and will run to the 24th. Joint activities with SilvaCarbon are planned, and a GFOI Leads meeting will be held during the two days prior to SDCG-6.

SDCG-6 will serve as a forum to:

- Finalise inputs to the SDCG 3-Year Work Plan;
- Confirm progress in implementing the GFOI Space Data Services (Element 2);
- Progress the R&D Data Support Strategy (Element 3);
- Meet with partner organisations to discuss the continued promotion and expansion of GFOI Space Data Services;
- Promote further cooperation with the Methods and Guidance Component of GFOI;
- Confirm the progress in implementing the 2014 Global Baseline Strategy (Element 1) and ensure that upcoming core missions are optimised in support of GFOI; and
- Assess the impact of GEOGLAM acquisition requests on the GFOI strategy and develop appropriate coordination strategies accordingly.

For more information, please see the meeting page on the SDCG website:
