

CEOS SEC Report

For CEOS SEC-283

Entity: CEOS Chair Team

Prepared By: NASA

Updates on issues raised during the last CEOS SEC teleconference (Dot points)

- ❖ SIT Technical Workshop
 - ❖ First and foremost, congratulations to the SIT Chair Team for an superb SIT Technical Workshop that positioned CEOS well for the plenary! The meeting was run impeccably, and participants were fully engaged in all of the sessions.
 - ❖ We calculated that on each of the three days (Sept. 14-16), the average number of participants was 90.
 - ❖ The side meetings were also well attended. After this report, we welcome your feedback on both weeks.
 - ❖ Thank you to the SIT Chair team for distributing the draft Outcomes & Actions.
- ❖ Applications for CEOS Associate
 - ❖ The Chair Team has letters for digital signature by the CEOS Chair from two entities, which have begun the application process to become a CEOS Associate. They are Portugal Space and the European Centre for Medium-Range Weather Forecasts (ECMWF).
- ❖ CEOS Plenary (Nov. 1-4; 3 hours each day)
 - ❖ The Chair Team will get a draft Plenary agenda out for review in the next 2 weeks.
 - ❖ The first two days, Nov. 1 and Nov. 2 will have a start time in the afternoon for the U.S. East coast (possibly 4:30 or 5:00pm), which will be evening in the UK for people who participated in COP26 during the day. Nov. 3 and Nov. 4 will have an early start time in the U.S. East coast—probably 6:30 or 7:00am.
- ❖ Statements
 - ❖ For SBSTA - Thanks to Albrecht von Barga and Jeff Privette for an excellent draft SBSTA Statement that is now close to being finalized.
 - ❖ For GEO Week – Thanks to Marie-Claire for bringing it to closure soon.
- ❖ WGCapD
 - ❖ CEOS Chair sent a letter to Andiswa Mlisa, CEOS Principal from SANSA, to encourage them to consider a nomination for WGCapD Vice Chair for two years and WGCapD Chair for two years. We are awaiting their reply.

Issues requiring discussion/decision during current CEOS SEC teleconference (Dot points)

- ❖ As noted on the final SEC-283 meeting agenda.

Other highlights, activities, actions, projects, collaborations (Dot points, e.g. outputs, new products, papers, technical reports, media, pipeline and new projects, interactions, project status changes, new opportunities)

- ❖ As reported at the SIT Technical Workshop (please refer to the summary slides).

Upcoming meetings or events (Dot points, e.g. meetings, conferences of relevance, visits)

- ❖ 2nd Climate Observations Conference of CGMS and WCRP (update: moved to 2022).

- ❖ IAC (Oct. 25-29; Dubai): The CEOS Chair has been invited to give a presentation on “Earth Observation International Cooperation” during Session B1.1. on Monday, Oct. 25. The segment consists of 30 minutes (presentation and Q & A). *Work on the presentation is in progress.*
- ❖ COP26 (Nov. 1-12; Glasgow): We contacted the U.S. Department of State regarding the Annual Joint Statement from Space Agencies to SBSTA. We received a “yes” months ago on the matter of a member of the U.S. Delegation delivering the Joint Statement. *We will give them a preview of the 2021 document when it is close to being the final.*
- ❖ CEOS Plenary (Nov. 1-4; Virtual): As we mentioned during SEC-278, the plan is to have a virtual plenary over 4 days (3 hrs. each day). On two days, there will be an early start on the U.S. East Coast, and on two days there will be a start time that favors Asia/Pacific and the Pacific coast of the U.S. We see this approach as being more equitable across CEOS, and we also discussed it with the Troika. Because these dates coincide with the first few days of COP26, the CEOS Chair team will make every effort to deconflict the scheduling of presenters and participants who will need to engage in COP26. *The Chair Team will distribute the draft agenda for review and comment in the next 2 weeks.*

**DECISIONS AND ACTIONS OF CEOS SIT TECHNICAL WORKSHOP 2021
14th-16th September 2021**

DECISIONS - DRAFT IN PROGRESS

Decision 01	SIT TW agreed to the proposal of the SDG AHT Co-Chairs to be put to CEOS Plenary for a Federated approach to SDGs in CEOS - through a new SDG Coordination mechanism led by SEO and composed by a few individuals, with oversight by SIT Chair.
Decision 02	SIT Vice-Chair Team will take forward the Draft CEOS Strategy for Support to the GST for endorsement at Plenary. The Actions will be migrated to the CEOS WP in collaboration with the CEO
Decision 03	Agreed to bring the following Working Group Chair and Vice Chair nominations to CEOS Plenary for decision: <ul style="list-style-type: none"> • <u>WGCapD Chair</u>: Jorge del Rio Vera (UNOOSA) • <u>WGDisasters Vice Chair</u>: Laura Frulla (CONAE) • <u>WGISS Vice Chair</u>: Tom Sohre (USGS)
Decision 04	Agreed to take forward the Governance and Processes v1.2 document to CEOS Plenary 2021 for endorsement.

ACTIONS - DRAFT IN PROGRESS

SIT-TW-2021-01	Feedback invited on the Draft Governance Framework for CEOS Analysis Ready Data (ARD) and the accompanying template PFS via email before they are finalised for presentation to CEOS Plenary.	8 October 2021
	<i>Rationale: These documents are being put to Plenary for endorsement and the CEOS community is invited to have a say before they are finalised.</i>	
SIT-TW-2021-02	Nominations are requested for the CEOS ARD Oversight Group.	31 October 2021
	<i>Rationale: The CEOS ARD Oversight Group is identified as a core component of the future CEOS ARD Governance Framework. It will act as a forum for all matters related to CEOS ARD. Representatives from the CEOS Virtual Constellations are seen as key, as these are the groups that are best placed to</i>	

	<i>develop and maintain Product Family Specifications. The SIT Chair Team and CEOS Executive Officer are also foreseen as key participants.</i>	
SIT-TW-2021-03	Further feedback on the Draft CEOS ARD Strategy 2021 document via email or comments/suggested edits directly in the document by Friday the 8th of October, before finalisation for presentation to CEOS Plenary.	8 October 2021
	<p><i>Rationale: Feedback is sought in order to finalise the document before being presented for endorsement at CEOS Plenary. Some points for consideration:</i></p> <ul style="list-style-type: none"> ● <i>Is the high level structure sound?</i> ● <i>Is all the content necessary and relevant?</i> ● <i>Are the actions listed relevant and needed?</i> ● <i>Are other actions needed?</i> 	
SIT-TW-2021-04	SDG Ad Hoc Team co-leads, SEO, incoming SIT Chair and CEO to further discuss and agree on the required documentation and information needed by Plenary for CEOS Principals to approve the new proposed mechanism.	25 Sept 2021
	<i>Rationale: Interim step towards Plenary to agree the information needed for Plenary in order to enable coordination.</i>	
SIT-TW-2021-05	SDG Ad Hoc Team to produce and make available the required document so CEOS Principals can make an informed decision at Plenary.	16 Oct 2021
	<i>Rationale: Interim step towards Plenary to finalise the proposed continuity plan for the SDG Ad Hoc Team.</i>	
SIT-TW-2021-06	CEOS agencies invited to keep WGClimate Chair and CEO updated on news and plans relevant to CEOS engagement in COP-26 and the EID.	31 Oct 2021
	<i>Rationale: Many relevant activities are in planning and a coordinated CEOS effort is needed for COP-26.</i>	
SIT-TW-2021-07	CEOS Chair and SIT Chair to confer on reserving time on the 2021 CEOS Plenary agenda for CEOS to review and discuss the Global Stocktake Systematic Observations Synthesis Report and the CEOS contribution	31 Oct 2021

	<i>Rationale: UNFCCC Sec stressed that CEOS must fully engage on the SO Synthesis Report</i>	
SIT-TW-2021-08	SIT Chair to follow up with IMEO to explore possible avenues for cooperation between CEOS and IMEO.	30 Sep 2021
	<i>Rationale: CEOS agencies see opportunity to support IMEO objectives with data from a wide range of satellite missions.</i>	
SIT-TW-2021-09	AFOLU Roadmap team to reach out to Principals ahead of Plenary to secure support required for escalation of a full Roadmap effort in 2022.	31 Oct 2021
	<i>Rationale: AFOLU Roadmap team predicts significant increase in resources needed to take forward a full Roadmap exercise.</i>	
SIT-TW-2021-10	SIT Chair will facilitate further discussion of the GHG-AFOLU cooperation ahead of Plenary to support clear understanding by Principals of GHG/AFOLU coordination needs in the context of the UNFCCC GST. And the GHG and AFOLU teams will work towards the late Nov workshop at JRC as an opportunity to plan 2022 activities and to start a cooperation work plan.	31 Oct 2021
	<i>Rationale: The importance of GHG/AFOLU coordination has been recognised and a plan for next steps is needed.</i>	
SIT-TW-2021-11	CEOS Agencies are invited to consider contributions to the GEO-TREES activity, supplementing the initial support from CNES, NASA and ESA.	31 Oct 2021
	<i>Rationale: GEO-TREES is recognised as an important step to ensure the ground truth requirements for the CEOS Biomass Protocol.</i>	
SIT-TW-2021-12	Biomass and GHG Teams to finalise inputs on their dataset representation on the CEOS GST Data Portal.	30 September
	<i>Rationale: SIT Chair and CEOS Chair Teams will have the contents translated during October ahead of COP-26.</i>	
SIT-TW-2021-13	CEOS Agencies to consider nominations to serve two years as WGCapD Vice Chair, followed by two years as WGCapD Chair.	ASAP before CEOS Plenary

	<p><i>Rationale: Continuity of Working Group leadership is critical. In 2021, WGCapD has sought nominations for both the Chair and Vice Chair due to a change to the expected leadership rotation. A nomination for the Chair has been received (Jorge del Rio Vera, UNOOSA), but not yet the Vice Chair. The goal is to endorse both at CEOS Plenary 2021, so Vice Chair nominations are requested as soon as possible.</i></p>	
<p>SIT-TW-2021-14</p>	<p>SIT Chair will confer with CEOS Chair and WMO to establish whether it would be feasible and beneficial to have a formal update on the WMO Data Policy for Principals at CEOS Plenary.</p>	<p>31 Oct 2021</p>
	<p><i>Rationale: CEOS agencies may be impacted by some of the changes in the proposed WMO Data Policy. WMO Congress decision on the policy will occur before Plenary.</i></p>	
<p>SIT-TW-2021-15</p>	<p>CEOS Chair, SIT Chair, WGClimate Chair and UKSA to confer on opportunities for UKSA, CEOS and CGMS to focus world attention on CEOS remote sensing contributions, using social media and other platforms while the United Kingdom is hosting COP-26.</p>	<p>COP-26</p>
	<p><i>Rationale: U.K. Presidency of COP-26 provides extraordinary opportunities to focus international attention on CEOS as a key remote sensing forum for international coordination on Earth observation missions, data, and products for societal benefit.</i></p>	
<p>SIT-TW-2021-16</p>	<p>SIT Chair with SIT Vice Chair to present a proposal to CEOS Plenary that CEOS develop a CEOS Ocean Strategy: to seek CEOS Plenary endorsement of this concept and to identify participants to this effort.</p>	<p>CEOS Plenary</p>
	<p><i>Rationale: Follow-up on the potential need for a CEOS Ocean Strategy was identified during the Technical Workshop.</i></p>	

CEOS SEC-281 Report

Entity: CEO

Prepared By: Marie-Claire Greening

Updates on issues raised during the last CEOS SEC teleconference (Dot points)

Issues requiring discussion/decision during current CEOS SEC teleconference (Dot points)

- CEOS SEC Action 281-02:
 - WGDisasters Chair to connect with the CEOS Chair and CEO on the matter of engagement and potential data sharing agreements with entities in the commercial sector.
 - *Due Date/Status:* In Progress. WGDisasters Chair team has discussed this action with the CEOS Chair Team and is also following up within the Working Group. This topic is on the agenda for SEC-283.

Other highlights, activities, actions, projects, collaborations

(Dot points, e.g. outputs, new products, papers, technical reports, media, pipeline and new projects, interactions, project status changes, new opportunities)

- Joint CEOS WGDisasters and GEO DRR WG collaboration on GEO DRR WG deliverable to develop high-level policy briefs addressing EO applications in the context of landslide and wildfire disaster risk reduction and governance has been initiated.
- CEOS WGDisasters efforts highlighted in UN-GGIM 11th Session WG-Disasters Report:
 - *“Moreover, the working group highlights awareness raising and collaborative activities pursued with other complementary working groups and disaster programmes of national and international bodies, including the Committee on Earth Observation Satellites, the Group on Earth Observations, and the National Aeronautics and Space Administration of the United States of America. The working group indicates that its activities are aimed at identifying mutually beneficial areas of work to provide and expand on the availability of geospatial information and services that cover all dimensions of disaster risk, including hazard, exposure and vulnerability.”*
- The Scientific Animation Team (SAT) initiated by ESA, in collaboration with CNRS-EOST and Aristotle University of Thessaloniki (AUPH) has started. In the spirit of

the International Forum on Satellite EO and Geohazards 1, the CEOS WG Disaster and other relevant international collaborations, the SAT is helping ESA gather requirements and priorities concerning EO in the different phases of the Disaster Risk Management cycle. To reduce the gap between users and space technologies, the SAT is looking at EO techniques and on-line collaboration environments to access and process satellite imagery, share EO products and support capacity building activities.

(Dot points, e.g. outputs, new products, papers, technical reports, media, pipeline and new projects, interactions, project status changes, new opportunities)

- CEOS Earth Analytics Interoperability Laboratory – WG Disasters, and CEOS COAST groups have requested additional Live web training on EAIL usage to support their activities in EAIL. Suitable dates are yet to be confirmed given the busy CEOS schedule in Sept/October. EAIL is also exploring use of the USGS Landsat STAC API for dataset indexing rather than the direct S3 bucket indexing currently performed.
- WGISS 52 planning is well underway with calls for presentations sent from all WGISS Interest Groups. Agenda planning now begins in earnest.
- USGS presented to CEOS the nomination of Tom Sohre for the role of WGISS Vice Chair for two years (2021-2023), followed by two years (2023-2025) as WGISS Chair. His nomination was welcomed and confirmed by consensus by the attendees at this WGISS-Exec meeting. WGISS is grateful to USGS and Tom for nominating for this role.
- The final version (1.4) of the CEOS PID BP has been uploaded to the WGISS webpage
- Makoto Natsuisaka (WGISS Vice Chair) presented at the WGCapD session at SIT identifying potential joint activities for the coming 2 years.

CEOS SEC Report

(two pages max.)

Entity: WGCapD

Prepared By: Nancy Searby (Chair/NASA) & Pham Thy (Vice Chair/VNSC)

Updates on issues raised during the last CEOS SEC teleconference

(Dot points)

- WGCapD is still seeking candidates for the Vice Chair position.

Issues requiring discussion/decision during current CEOS SEC teleconference

(Dot points)

- None

Other highlights, activities, actions, projects, collaborations

(Dot points, e.g. outputs, new products, papers, technical reports, media, pipeline and new projects, interactions, project status changes, new opportunities)

- WGCapD members are working on executing the 2021-2023 work plan that includes 33 deliverables (19 to be implemented in 2021 calendar year, 13 – in 2022, 1 – in 2023). Nine deliverables originally planned for 2021 have been postponed until 2022.
- The WGCapD work planning meeting took place on September 8-9, 2021, with three sessions included as part of SIT TW. In addition to WGCapD members, representatives from OCR-VC, COAST AHT, SST-VC, WGDisasters, WGClimate, LSI-VC, SDG AHT, WGISS, SEO and CEOS Executive Officer took part in the consultations about their respective priorities and potential areas for collaboration on 2022-2024 work plan.
- The Regional Training in South Asia on Forest Biomass (CB-20-19) deliverable is now closed; 56 participants from 8 countries (Bangladesh, Ethiopia, India, Iran, Mongolia, Myanmar, Nepal and Sri Lanka) participated in the training.
- The Webinar Series on Image Restoration and Processing of SAR Data (CB-21-07) deliverable is now closed; 4,328 participants registered for the SAR webinar and 1,569 were eligible for the completion certificate, 616 participants registered for the Image and Processing webinar and 195 completion certificates were awarded.
- The Jupyter Notebook Webinar (a joint deliverable CB-20-04 with WGISS) is now closed. 288 participants joined across two sessions. Recordings are featured on CEOS [website](#).
- The EOTEC DevNet Leadership meeting took place on September 10, 2021. Network representatives approved the Concept of Operations and Theory of Change documents, and exchanged ideas related to goals and action items for Phase 2. The secretariat team is now working on the final report for Phase 1.
- The EOTEC DevNet planning group developed Regional Community of Practice (CoP) Leads [Guidance](#) and is now recruiting candidates to fill Regional CoP Lead and Thematic Working Group Lead roles in Africa, Asia-Oceania, Americas, and Europe. The second round of EOTEC DevNet regional meetings (focused on drought tools and capacity building resources) took place on September 21, 2021.

Upcoming meetings or events

(Dot points, e.g. meetings, conferences of relevance, visits)

- The next monthly meeting of WGCapD is on Thursday, October 7th at 13 UTC.

CEOS SEC Report

Entity: WGCV

Prepared By: Akihiko Kuze (JAXA) Philippe Goryl (ESA)

Other highlights, activities, actions, projects, collaborations

- SIT-TW: WGCV presented the following two topics on Day 3 September 16
 - Total and Spectral Solar Irradiance Sensor-1 (TSIS-1)
 - Vicarious calibration (VCAL) Portal for Spaceborne GHG sensors
- ISO: ISO 19124 meetings on Aug 30, Sep. 17
 - Discussed topics Maturity Matrix (MM) stage, Data Product Level Definitions
 - Draft technical standard deadline is the end of December 2021.
- To consider nominations for the WGCV Vice Chair (October 2022 to October 2024).

Upcoming meetings or events

(Dot points, e.g. meetings, conferences of relevance, visits)

- WGCV-50: March 21-24, 2022, (Tokyo, Japan) (Hybrid) proposing joint meeting with WGISS

CEOS SEC-281 Report – September 2021

Entity: SEO

Prepared By: Brian Killough (NASA)

Issues requiring discussion/decision during CEOS SEC teleconference

- None

Updates on issues raised during the last CEOS SEC teleconference

- None

Upcoming meetings or events

- The SEO will participate virtually in the Free and Open Source Software for Geospatial **(FOSS4G) Conference**, hosted by the Open Source Geospatial Foundation (OSGeo) September 28-29. The SEO will be conducting a workshop to demonstrate the new Open Data Cube (ODC) Sandbox on September 28 and then will make a presentation on the ODC Sandbox in session chaired by GEO on September 29.

Other highlights, activities, actions, projects, collaborations

- The SEO presented a demonstration of the **Open Data Cube (ODC) Sandbox to AmericaView** on September 22. AmericaView is a U.S. university-based, and state-implemented network that advances Earth observation education through remote sensing science, applied research, workforce development, technology transfer, and community outreach.
- **Disasters Charter** - The SEO is working with the CEOS Working Group on Disasters to discuss the potential for the **Open Data Cube (ODC) Sandbox** to support flooding disaster activations. This tool would allow users to take advantage of Sentinel-1 radar data to view time series data for the study of baseline water extent, flooding extent, and recovery.

CEOS SEC Report

(two pages max.)

Entity: Ad Hoc Team SDG

Prepared By: F. Kerblat (CSIRO) and SDG AHT Co-leads (M.Paganini and A.Held)

Updates on issues raised during the last CEOS SEC teleconference (Dot points)

Issues requiring discussion/decision during current CEOS SEC teleconference (Dot points)

- SDG AHT: After SIT TW discussions, it has been agreed to put forward the Federated approach for decision at Plenary. To do so, the SDG AHT, CEO, incoming SIT Chair and SEO further discussed and are preparing the required documentation. Confirmation from SEC that we are on the right track? Anything else to be addressed?
- Point 2

Other highlights, activities, actions, projects, collaborations

(Dot points, e.g. outputs, new products, papers, technical reports, media, pipeline and new projects, interactions, project status changes, new opportunities)

- SDG AHT had several meetings over the last few weeks: between co-leads, with sub-teams co-leads, and the SIT TW side-meeting on 9th Sept. You can find some notes here:
<https://docs.google.com/document/d/1YhiszhiSZu1HZVr33JNWRwD0dbBgkEv9qv1CE-CDgiA/edit>
The SDG AHT had a dedicated session on Tuesday 14th (Week 2) at SIT TW: sub-teams progress has been reported, and a discussion on the governance and its future followed. It has finally been decided that the SIT Chair (ESA next) be responsible for the SDG Coordination Group, but they will delegate technical implementation to the SEO.
- Further connections to be explicitly discussed and need to be strengthened with CEOS existing groups (LSI-VC, COAST, WGISS, WGCapD, and more) so CEOS can deliver and support GEO on SDG
- SDG AHT subsequently set up a meeting Monday 20th to further discuss and agree (with current Chair, CEO, SEO, incoming Chair) about the next steps in terms of documentation and information to be shared over the next few weeks with CEOS Principals.
Sub-teams are to remain in place (depending on resources), with a dedicated point of contact to be liaising with relevant GEO initiative or flagship.

Upcoming meetings or events

(Dot points, e.g. meetings, conferences of relevance, visits)

- SDG AHT (whole group) to be scheduled early Oct to get feedback on the draft governance and call for people/Agencies to contribute
- Point 2
