Where: Bridge 114, (114 Bridge), Caltech, Pasadena, USA

GoToMeeting connection details included below.

Objective: Following a brief presentation of the *CEOS Acquisition Strategy for GEOGLAM Phase 1*, the objective of the consultative meeting is to get feedback answer questions and open an initial discussion on the proposed strategy and required resources.

Description: Since SIT-28, and in response to action SIT 28-34 (see below), the *CEOS ad hoc Working Group on GEOGLAM* has been working to define potential next steps for formal CEOS support to GEOGLAM. A work plan was agreed by the group, and a building on the effort prior to SIT-28, willing agencies committed their support. As a first step, the *Group* agreed to focus on the development of a *CEOS Acquisition Strategy for GEOGLAM Phase 1* which covers cropland extent for 10 countries, and sampling for another 10 for the 2013-2015 period. A number of CEOS agencies are addressed by the strategy, and all CEOS members are encouraged to attend this side meeting and join the discussion. The most recent draft of the *Strategy* will be circulated prior to the side meeting as background.

Proposed Agenda:

11:15 AM – Introduction and Overview of the *CEOS Acquisition Strategy for GEOGLAM Phase 1*

11:30 AM – 12:15 PM – Open discussion of the strategy and issues to be addressed before CEOS Plenary

12:15 PM – 12:30 PM – Wrap up and adjourn
