

Implementation of CEOS Priorities in Support of GEOS: Proposed Way Forward

- As follow-up to *Tour de Table* commitments, report progress at SIT-22 and at November CEOS and GEO Plenaries
- Review 2007-2009 GEO Work Plan and identify potential new space-related activities to propose to GEO in connection with development of the 2009-2011 GEO Work Plan Input due to CEO by May 5
- Coordinate space-related 2009-2011 GEO Work Plan Tasks with GEO Secretariat in follow-up remapping discussions, with periodic tag-ups as needed
- Develop Version 2 of the CEOS Implementation Plan in advance of the November Plenary
- Continue periodic tag-ups between Constellation Leads and SIT Chair, making a concerted effort to achieve further Constellation progress in advance of SIT-22 and the November Plenaries
- OCR and OSVW Constellations charged to develop full proposals within the next 90 days for discussion at SIT-22
