Working Group on Calibration and Validation

Current situation CEOS WGCV Web-pages

- CEOS Portal (ceos.org) with high level entry
 - Mission / objectives
 - Organization
 - Meetings, etc....
- Cal/Val portal maintained by ESA (most users are ESA-internal)
 - IVOS “web-page”
 - Validation sites
 - Announcement of workshops
 - Structure is “outdated”
- Sub-group web-pages
 - LPV (maintained by NASA GSFC)
 - SAR (maintained by DLR)

- Decision WGCV 39:
Secretariat and ESA do work out web page concept
- Status: in draft, because of the complexity and availability of secretariat

- Boundary conditions
 - Funding of webpages / portals (sustainability)
 - Accessibility
 - Possibilities

- CEOS Portal
 - Maintained by CEOS SEO and can be “populated” by CEOS secretariat (clarification: eventually access by other persons)
 - CEOS portal funding sustained
 - Not clear whether all content of CEOS WGCV accepted (size, volume)

■ CEOS Cal/Val Portal

- Maintained by ESA and can be “populated” by ESA contact (clarification: eventually upload access by other persons in areas to be defined)
- CEOS Cal/Val portal funding depends on provider
- Not clear whether all content of CEOS WGCV accepted (size, volume)

■ CEOS sub-group portals

- Maintained by agencies
- Access for upload with those agencies
- Funding depends on provider
- Acceptance of content?
