

Website concept update

Christian Rolf

WGCV secretariat

Agenda Item #

WGCV Plenary # 41

Tokyo, Japan

September 5 - 7, 2016

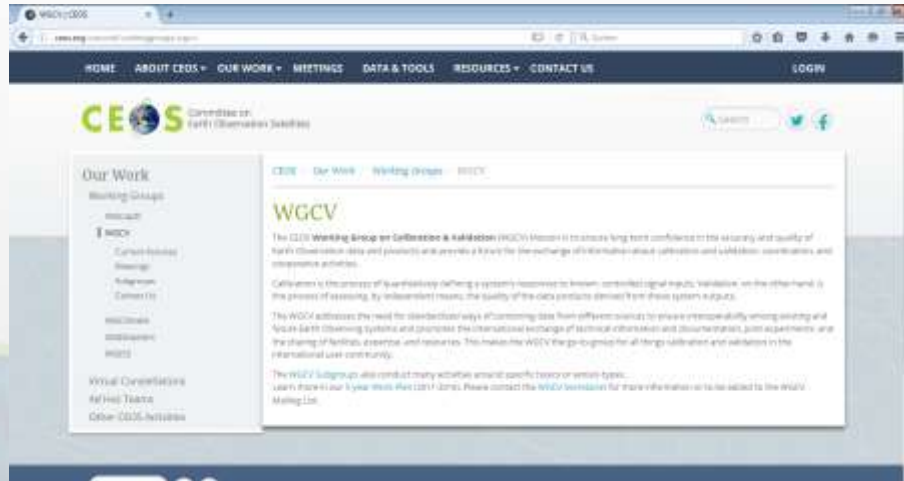

Working Group on Calibration and Validation

Current state

- Website Outreach of CEOS working group CalVal (WGCV) is divided into two websites

<http://ceos.org/ourwork/workinggroups/wgcv/>

- hosted by NASA part of total internet presence of CEOS
- contains a mixture of current activities, objectives, organisational, and other content-related matters

<http://calvalportal.ceos.org/>

- hosted by ESA
- contains mainly content-related but also organisational matters

Motivation and aim of the website restructuring

Status quo:

- Content is a mixture of organisational matters, current activities, objectives, and content-related matters
- Content changes and updates have to be partly performed on both websites
- Content especially on the CalVal Portal is partly outdated because of missing responsibility

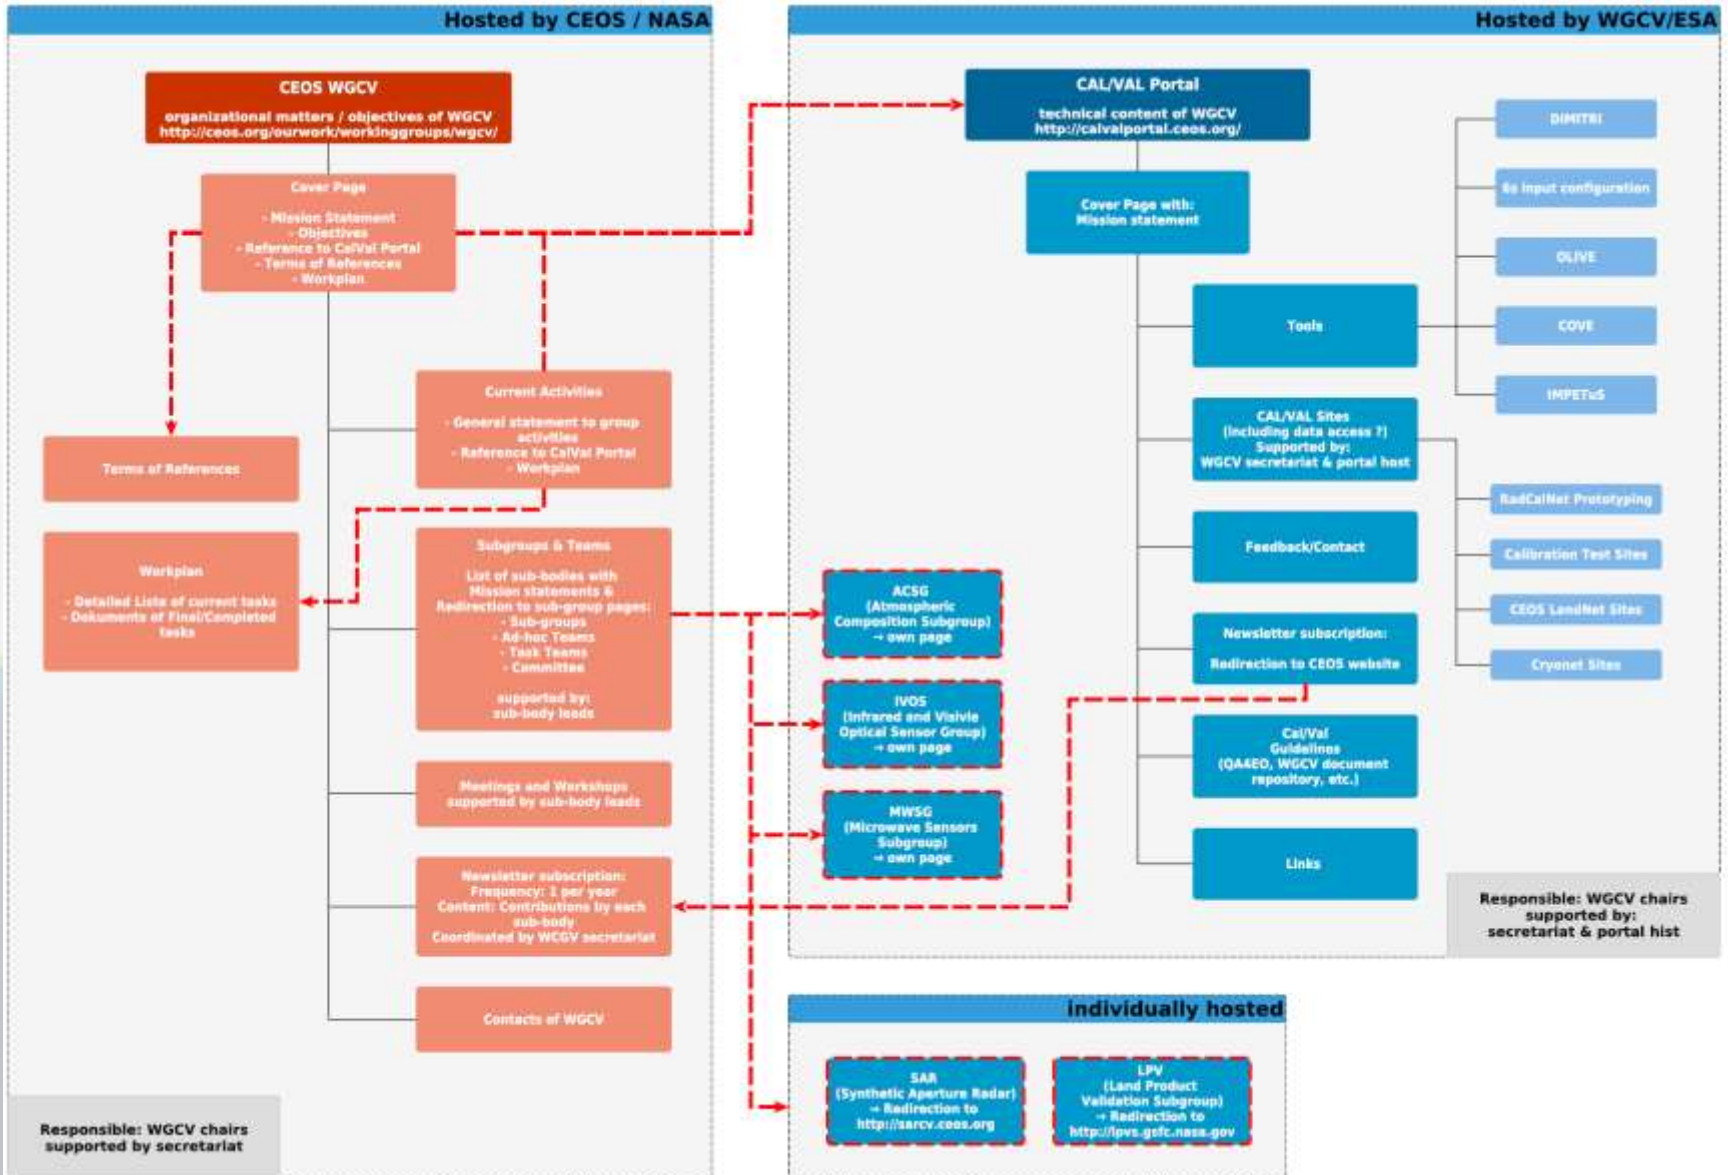

Motivation and aim of the website restructuring

Concept:

- Separation of the content into objectives/organisational matters and content related matters
- Clear assignment of responsibilities for website maintenance and updates

Advantages:

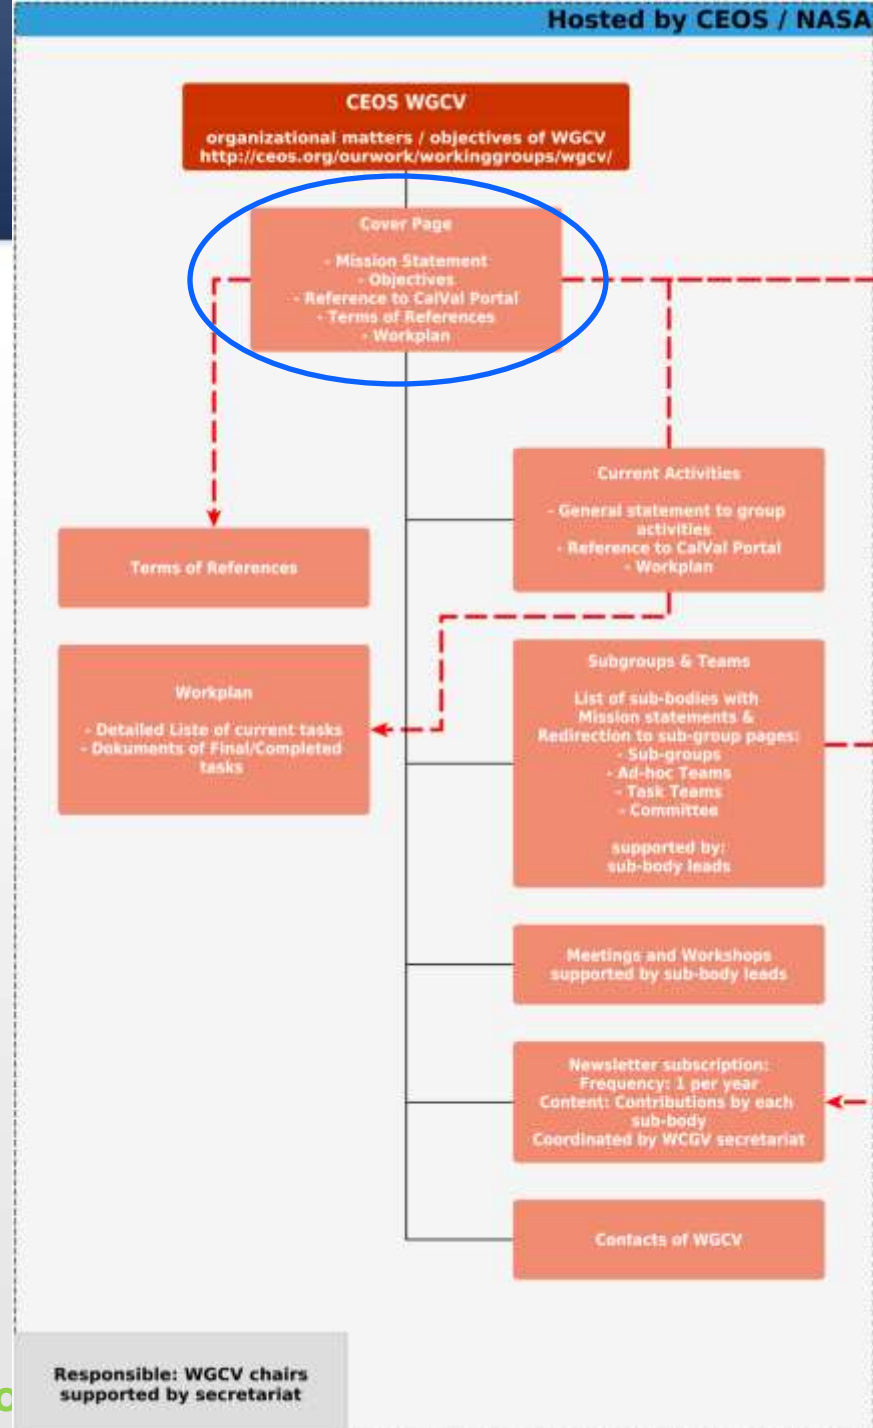

- Keep the content **up to date** and **reduces the effort**
- Visitors of the websites can more **easily find the desired content**

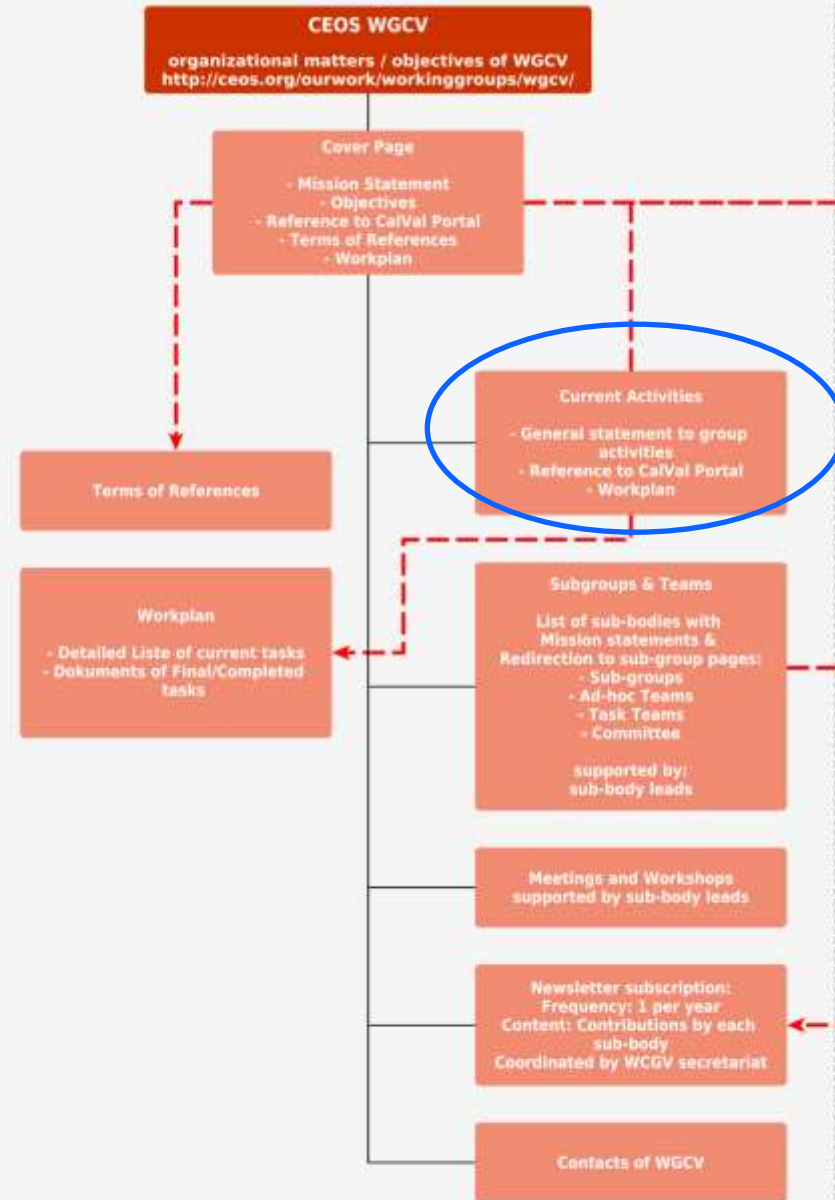

Structure of the CEOS WGCV website

- Contain only objectives and organisational matters
- Website content needs regular updates by the WGCV Chair/Secretariat
- Cover Page (3 paragraphs):
 1. WGCV mission statement and objective
 2. Link to CalVal Portal
 3. Links to “Term of References” and “Workplan”

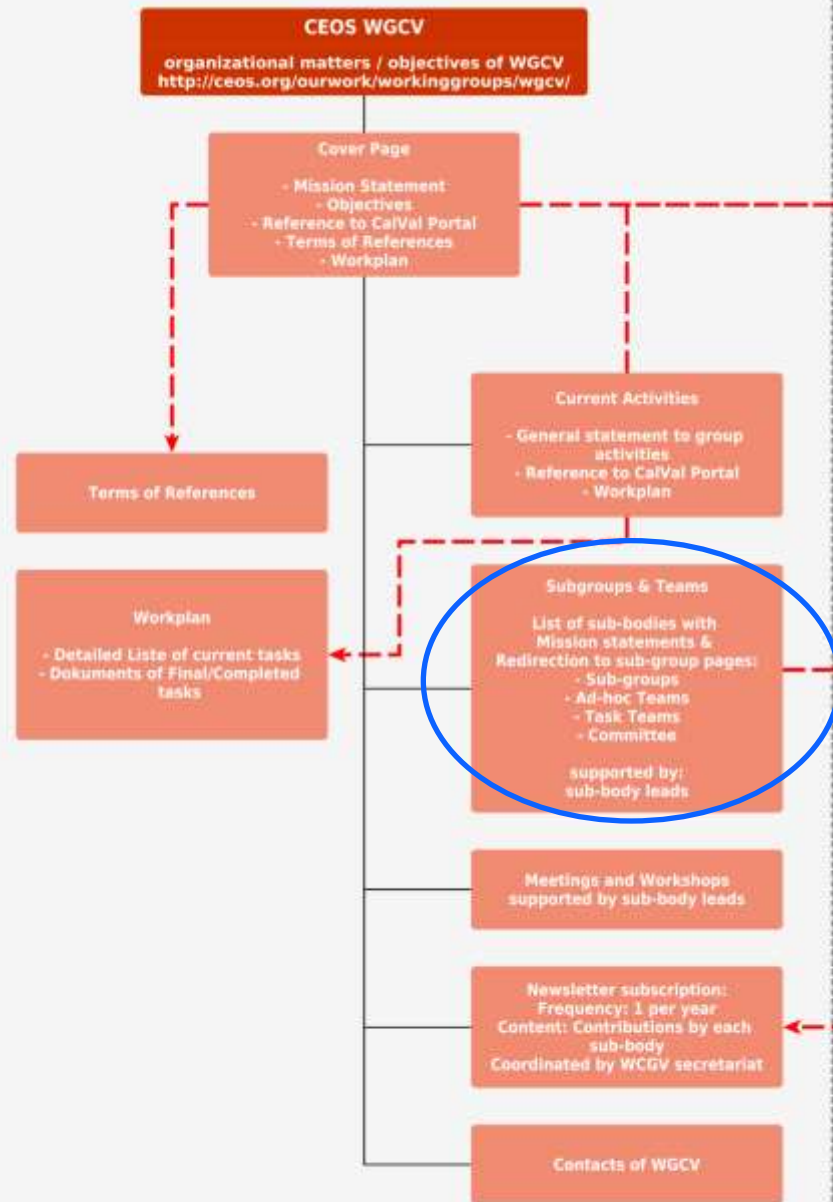

- Current Activities (2 paragraphs):
 - General statement of the group activities including a hint to the CalVal Portal
 - Link to the “Workplan”

• Subgroups & Teams:

1. **List of all sub-bodies** of WGCV divided into sub-groups, ad-hoc teams, task teams, and committees
2. Every sub-body is presented with a **short** mission statement (Details should be found in the workplan)
3. Responsible persons for this page are the subgroup and team leads/chairs in cooperation with WGCV chairs, finally with WGCV.
4. Sub-groups can **redirect to their own subgroup webpages**, where specific content can be presented **Working Gro**

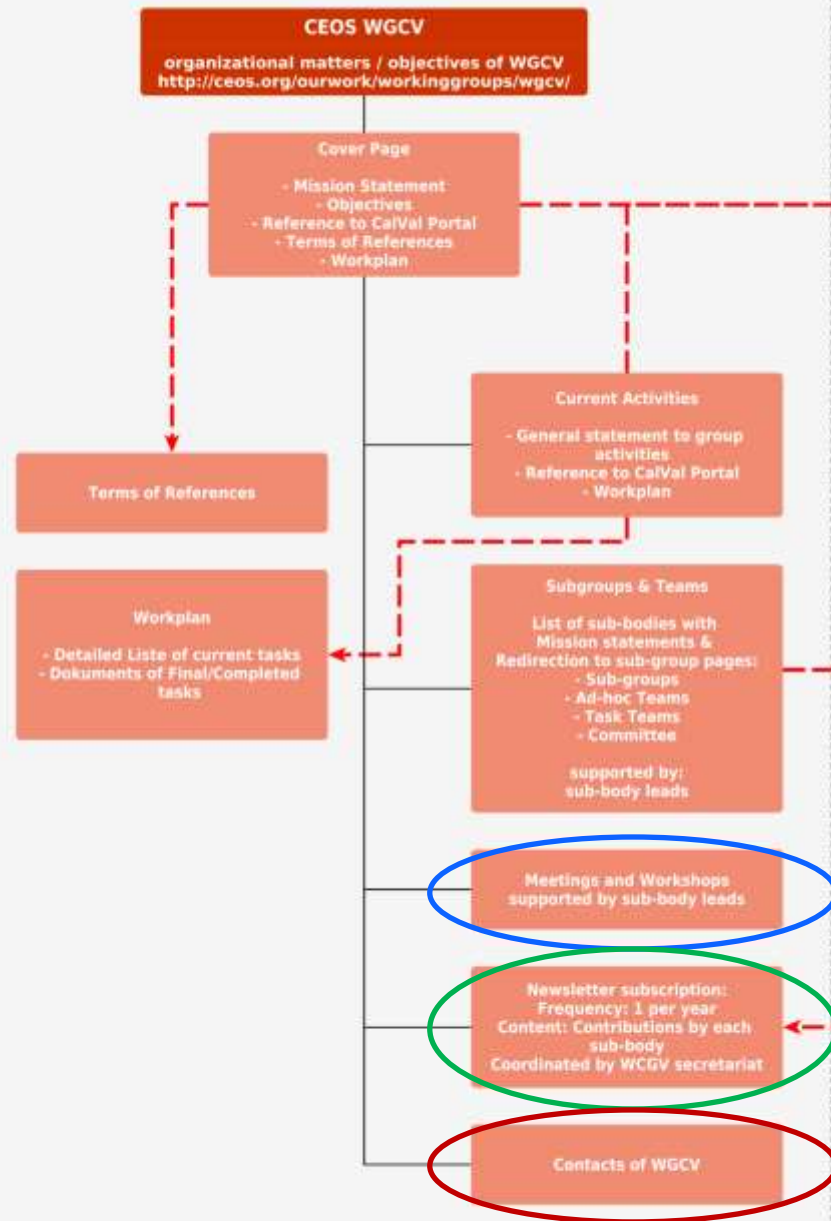

- **Meetings & Workshops**
Contacts of WGCV:

This pages stay in its current format

- **Newsletter:**

1. Frequency of one per year
2. Content comprises news and outcomes provided by WGCV including subbodies, etc.
3. Coordinated by the WGCV secretary
4. Page content:
Online subscription form including name and email address

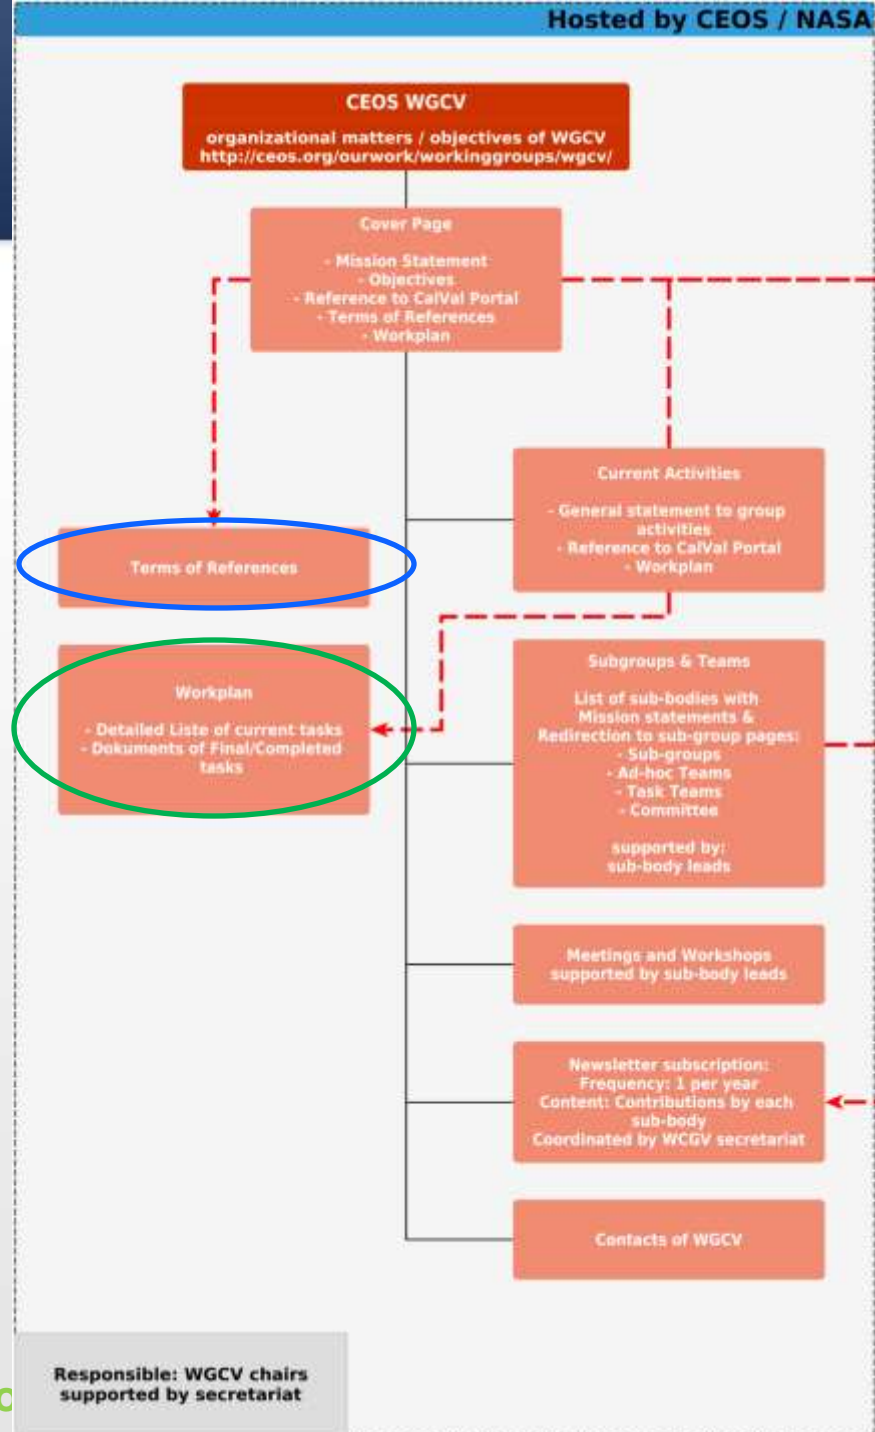

Working Gro

Responsible: WGCV chairs
supported by secretariat

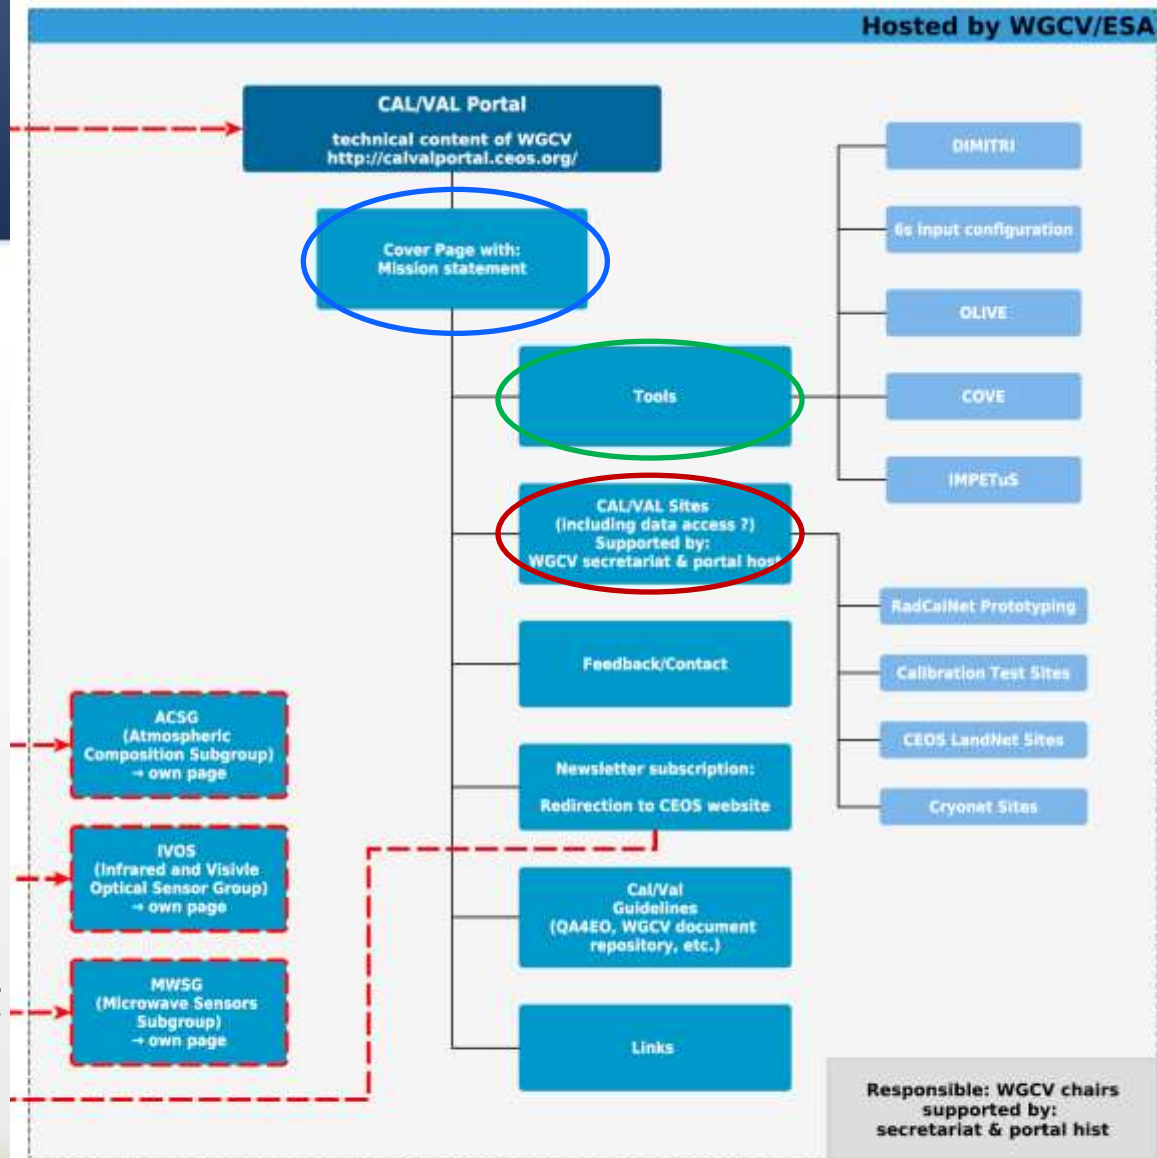

- Not reachable from the main navigation
- **Terms of References** (WGCV Chair)
- **Workplan** (WGCV Chair):
 1. Updated regularly by the WGCV secretary
 2. Detailed list of current tasks for each sub-body
 3. List with final and completed tasks including provided documents like reports and outcomes

Structure of the CalVal Portal

- Contain only the technical content
- Website content needs check for updates regularly by the WGCV Chair & Secretariat
- **Cover Page:**
 1. WGCV Mission statement
 2. Highlight banner (pictures from projects, satellites, ...)
- **Tools & CAL/VAL Sites:**
 1. Stay in its current format

- Feedback/Contact:**

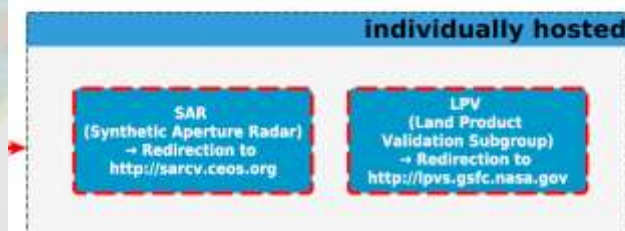

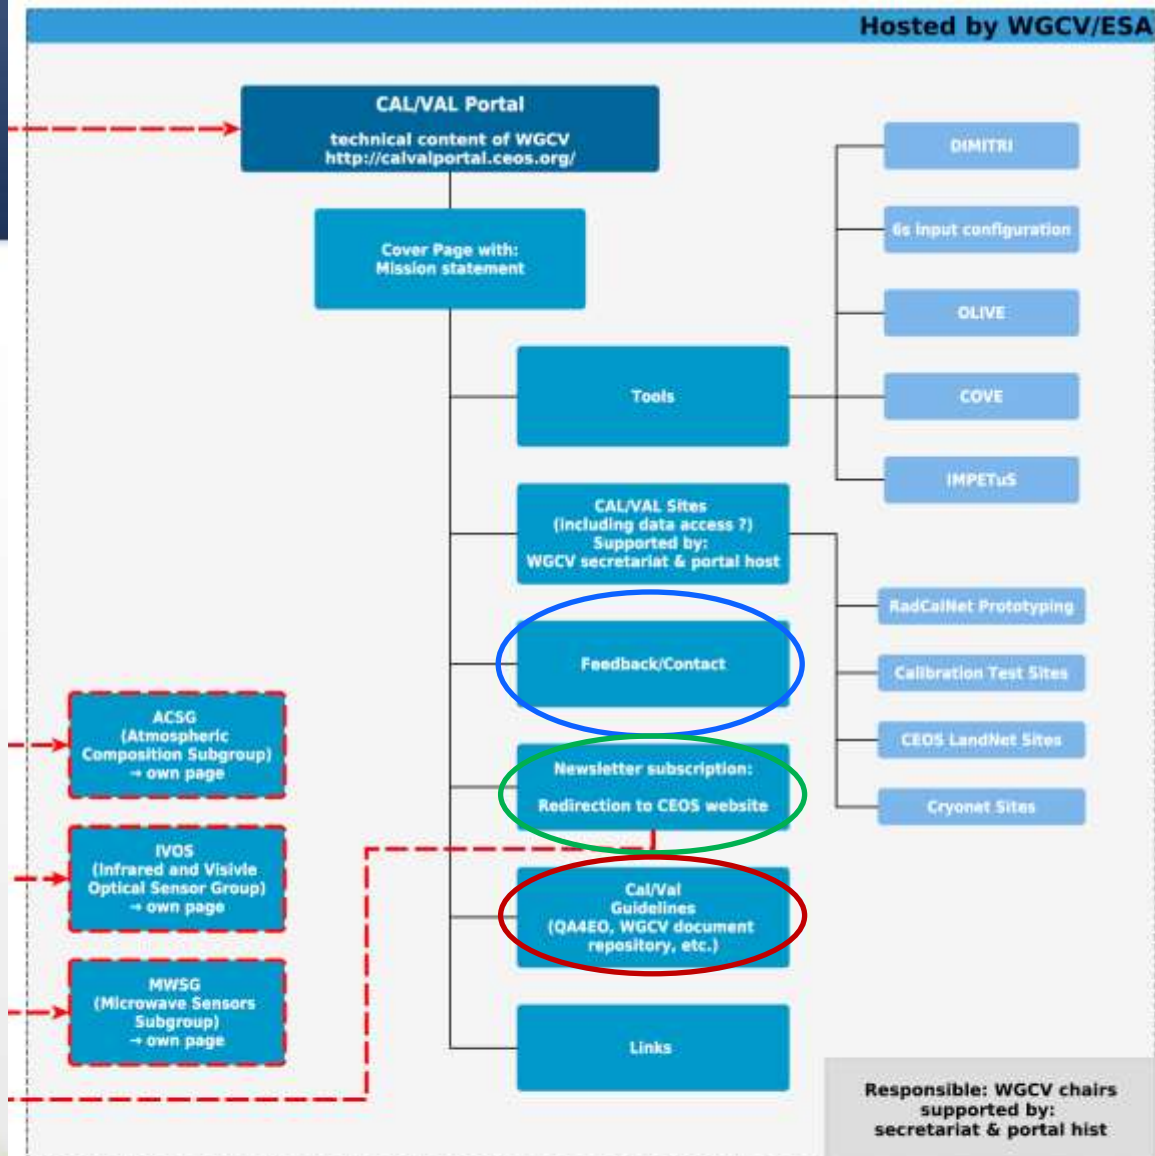

1. Contact information
2. Online form for feedback, suggestions, and questions to Cal/Val issues

- Newsletter:**

1. Redirection to CEOS newsletter subscription

- Cal/Val Guidelines:**

1. List of Guidelines for satellite calibration and validation

- **Links:**

1. Useful list of links for CalVal issues

- **ACSG, IVOS, MW5G with own sub-page**

1. Linked from CEOS WGCV website

2. Similar to Website of SAR & LPV

3. Each subgroup is responsible developing the content in coordination with WGCV
