**Welcome to the EUMETSAT Headquarters, welcome to Darmstadt and welcome to Germany!**

## MEETING VENUE

The meeting will be held in Darmstadt at the premises of **European Organisation for the Exploitation of Meteorological Satellites** (EUMETSAT) at Eumetsat Allee 1, 64295 Darmstadt, Germany.

EUMETSAT operates a system of meteorological satellites that observe the atmosphere and ocean and land surfaces – 24 hours a day, 365 days a year. This data is supplied to the National Meteorological Services of the organisation's Member in Europe, as well as other users worldwide.

## CITY DARMSTADT

Darmstadt is located just 30 km south of Frankfurt am Main in Hesse. The city enjoys a reputation as a ‘City of Science’ thanks to the many public and private scientific research establishments located there, not to mention the Headquarters of EUMETSAT and the European Space Agency Operations Centre (ESA/ESOC).

Darmstadt is not only a “city of science”, but also a city of art and culture. Home to top researchers, musicians, engineers, and artists for centuries, today’s Darmstadt is the product of a unique fusion between artistic traditions and technological advancement. The pedestrianised area in the city centre offers numerous restaurants, shopping, and relaxation possibilities. Just a short trip out of town is the beautiful Odenwald mountain range a haven for nature lovers and outdoor enthusiasts and also home to the famous Bergstrasse, one of the best wine regions in Germany.
