

## CEOS WG Disasters Telcon #34 MoM

Zoom Remote Teleconference

July 25<sup>th</sup>, 2023

13:00 – 15:00 UTC *All agenda times observe Coordinated Universal Time (UTC) (Paris 15:00)*

For status of all actions, see Excel file action tracker.

Participants: Mark de Jong (NRCan), Andrew Eddy (AG Europe for CNES), Laura Frulla (CONAE), Thanassis Ganas (NOA), Andrey Kuklin (RSA), Simona Lloyd (UNCCGM), Antonio Montuori (ASI), Marcelo Quirno (CONAE), Guy Schumann (RSS), Krystof Stefaniuk (PSA), Samuel Stwettner (DLR), Simona Zoffoli (ASI).

Time	Agenda Item	Presenter(s)
13:00	Adoption of Agenda / Introduction/Welcoming remarks	Laura Frulla (CONAE)
	Laura opened a reduced and shortened meeting of the WG due to the summer holidays. The main focus of the meeting was the updates on development of sustainability proposals for the post-demonstrator period.	
13:05	MoM/Review of Open Actions (WGDisasters-19)	Andrew Eddy, Athena Global
	See excel spreadsheet	
13:10	Volcano Demonstrator ○ Activity Progress / Updates	Andrew Eddy
	Significant progress has been made in developing a proposal for an International Virtual Volcano Observatory (IVVO) under USGS leadership. A detailed proposal will be circulated prior to WGDisasters20, showing data quotas and the formal proposal for an institutional mechanism to govern permanent monitoring of Holocene era volcanoes.	
13:25	Wildfire Pilot ○ Activity Progress / Updates	Joshua Johnston, NRCan Mark de Jong, NRCan
	Wildfiresat definition continues. The survey closed with over 2509 responses. A detailed report will be made at WGDisasters20. Alberta and Western Canada are seeing unusually strong burning seasons, but also a cascading event series: wildfires, flooding, landslides...	
13:30	Flood Pilot ○ Activity Progress / Updates	Marcelo Uriburu Quirno, CONAE Mitch Goldberg, NOAA Guy Schumann, RSS-Hydro
	Plans ongoing for a Pakistan webinar, the first in the quarterly series to be put forward. Current planning is for late September. No date has been set. range of data sets – more innovation in flood pilot activities.	
13:35	Recovery Observatory Demonstrator ○ Activity Progress / Updates	Linda Tomasini, Aurelien Sacotte, Emilie Bronner, CNES Andrew Eddy, Athena Global

	Progress has been made with WB/GFDRR and EU in the definition of a three-year successor to the demonstrator, including a one-year transition to the new status. This would be a pre-operational RO, with full operational status from 2027. Detailed proposal to be circulated before WGDIsasters20	
13:45	Landslide Demonstrator <ul style="list-style-type: none"> <li>○ Activity Progress / Updates</li> </ul>	Jean- Philippe Malet, UNISTRA Pukar Amatya, NASA
	No one was present to provide updates.	
13:45	Seismic Demonstrator <ul style="list-style-type: none"> <li>○ New activity definition</li> </ul>	Philippe Bally, ESA Zach Foltz, Argans
	No one was present to provide updates.	
13:45	Future Meeting Planning / AOB <ul style="list-style-type: none"> <li>○ WGD-20, 5-7 (8-9) September, Yellowstone, USA</li> <li>○ AOB</li> </ul>	Mike Poland, USGS Andrew Eddy, Athena Global
13:50	End Teleconference
